Disclaimer and exclusion of liability

Valid for the following libraries

NORD S7 standard modules	for planning tool from Siemens AG
NORD ePlan macros	for planning tool from EPLAN Software & Service GmbH & Co. KG
NORD device master data for field bus options	e.g. XDD files for Ethernet Powerlink
NORD SISTEMA libraries	for the SISTEMA project planning tool from the Institute for Occupational Safety and Health of the German Social Accident Insurance [Institut für Arbeitssicherheit der Deutschen Gesetzlichen Unfallversicherung (IFA der DGUV)]

Information and values specified in the aforementioned libraries were carefully prepared and reviewed. These libraries are intended to be used for informational purposes only as well as as support during system planning and commissioning.

Due to the partially simplified representation of contents, usage of these libraries cannot replace the necessary comprehensive analysis of the project (resp. the system) carried out by the user.

Users are responsible for the correct usage of the libraries and the information and values specified therein. NORD assumes no responsibility for any planning, installation or commissioning faults caused by users and any malfunction of the system as a result of this.

NORD shall not be liable for personal injury, property damage and financial losses that result from integration of components, provided that these damages were not caused directly by faulty products or objectively incorrect details provided by NORD.
